

## Media Release

30th May 2019

### Election of ISWIM New Board and Executive Board

**The International Society for Weigh-In-Motion is pleased to announce the election of its new Board and Executive Board.**

The purpose of the International Society for Weigh-In-Motion (ISWIM) is for on-road and in-vehicle Weigh- In-Motion (WIM):

- To support its advance
- To disseminate knowledge and understanding
- To promote and support international research and development projects
- To initiate, participate and/or monitor standardisation activities
- To promote the use and application of its generated data

ISWIM has a current but growing membership from over 74 countries and comprises three distinct stakeholder groups:

- Users of WIM and the information it collects
- Academics and researchers in WIM technology and its associated data
- Vendors that provide WIM products and/or services

During May 2019, the **Board of ISWIM** was elected through an international vote of members and comprises (in alphabetical order):

Adriana ANTOFIE (Belgium)  
Chia-Pei CHOU (Taiwan)  
Vittorio DOLCEMASCOLO (France)  
Bernard JACOB (France)  
Chul-Woo KIM (Japan)  
Chris KONIDITSIOTIS (Australia)  
Andrew LEES (United Kingdom) \*  
Rish MALHOTRA (Canada) \*  
Gustavo OTTO (Brazil)  
Tomáš POSPÍŠEK (Czech Republic) \*  
Jonathan REGEHR (Canada)  
Olga SELEZNEVA (United States of America)  
Deborah WALKER (United States of America)  
Aleš ŽNIDARIČ (Slovenia)  
*\*Vendor and Consultants College*

We also acknowledge and thank Hans Van LOO who was elected to the Board, however, stepped down to take on the role of ISWIM Contractor.

## Media Release

The **ISWIM Executive Board** was elected unanimously by the ISWIM Board on 23<sup>rd</sup> May 2019 and comprises:
